## BLACK TEA

### English Breakfast

The secret to a superlative British cuppa is getting the balance of black teas just right, from the robust and malty ones with their complex flavours, to the delicate and aromatic types that work on your taste buds and quench your thirst. When it comes to a proper British tea, accept no compromise. Also available in decaf.

*Origin: Sri Lanka, India, China*

### Earl Grey

Perhaps even more so than with English Breakfast tea, getting the right balance is essential to the perfect Earl Grey blend. Our superior version pairs the unique characteristics of fine Chinese and Indian black teas with the distinctive citrusy fragrance of bergamot oil. This produces a light and refreshing but full-bodied tea.

*Origin: India*

### Assam Second Flush

While the first flush Assam pickings produce the most delicate teas, the second flush leaves and buds give richer, maltier flavours and fruity notes.

*Origin: Assam Region, India*

### Darjeeling First Flush

At 1200 meters, the tea plantations of Darjeeling are cool and damp, the perfect environment for growing tea. Made with only the first flush of leaf buds, this subtle but characterful organic tea is rightfully known as the 'Champagne of teas'.

*Origin: Darjeeling, India*

### Formosa Oolong

This tea literally means 'beautiful'. It is grown to imitate the first oolong grown in Taiwan. Fashioned using the 'choicest' grade copper-red leaf. Delivers an intense, pungent bouquet.

*Origin: Taiwan*

### Lapsang Souchong

Large Souchong leaves are roasted and then smoked over rich, resinous pine wood to create this distinctively bright and complex smoky tea.

*Origin: China*

## GREEN TEA

### Gardenia

An intriguing blend of Japanese green tea and green and white China teas, flavoured with dried berries and apricots pieces and scented with cornflower and jasmine blossoms.

*Origin: Japan and China*

### Jasmine Pearls

Each springtime the tea pickers of Fujian select only the finest buds. The buds are hand-rolled into little tea balls. The balls are then repeatedly scented with fresh night-blooming jasmine blossom in Heng Xian. A tea for a Jasmine connoisseur.

*Origin: China*

### Organic Fog

In the mountains of China's Jiangxi Province the ever-present mists envelop the tea plantations and create the perfect conditions for delicate sweet teas like this to develop.
